Of Mrs. Chappell, of Five Years Standing, Relieved by Cardui.

Mr. Airy, N. C.—Mrs. Sarah M. Chappell of this town, says: "I suffered for five years with womanly troubles, also stomach troubles, and my punishment was more than any one could tell."

I tried most every kind of medicine, but none did me any good.

I read one day about Cardui, the woman's tonic, and I decided to try it. I had not taken but about six bottles until I was almost cured. It did me more good than all the other medicines I had tried, put together.

My friends began asking me why I looked so well, and I told them about Cardui. Several are now taking it."

Do you, lady reader, suffer from any of the ailments due to womanly trouble, such as headache, backache, sideache, sleeplessness, and that everlastingly tired feeling?

If so, let us urge you to give Cardui a trial. We feel confident it will help you, just as it has a million other women in the past half century.

\*Begin taking Cardui to-day. You won't regret it. All druggists.

**BOSTON RETAINS LEAD OVER GIANTS**

Won Final Game of Series From Philadelphia After a Ninth Inning Rally

(By Associated Press)

Boston, September 11.—Boston won the final game from Philadelphia today 6 to 5 after a ninth inning rally, and still holds leadership in the National League. Manager Stalling was without the services of Captain John Evers, who was suspended for three days for a controversy with Umpire Eason Thursday.

With Philadelphia leading by one run in the ninth, Duguy, batting for Moran, singled and moved to second on a wild pitch. Whitted's single put Duguy on third and Cather's sacrifice fly scored him. Whitted went to third on the play and scored on Maranville's sacrifice fly to right.

**THE CLEMSON TIGERS**

Have a Very Strong Combination for the Coming Year.

Clemson College, Sept. 11.—With the arrival of Coach Bob Williams on Thursday afternoon interest in football increased a hundred per cent. Practice was begun at once, and there was a fine squad out at the first practice.

Only old students—about 500—have reported yet. Three hundred and twenty freshmen will report next week. Just what material will be found in the crowd is doubtful. Anyway, there are many good men ready to strive for the varsity honors.

J. L. Carson, center of last year's team, will assist in coaching the team. He was popular both as an athlete and as a man and he will be of great help in getting the line into shape. W. A. Schilliter, who has played guard and tackle is captain of the team.

The following shows that the Tigers have a very strong schedule:

Sept. 26—Dahlgren at Clemson.  
Oct. 3—Davidson at Davidson.  
Oct. 9—University of Tennessee at Knoxville.  
Oct. 17—Auburn at Auburn.  
Oct. 23—University of South Carolina in Columbia (State Fair).  
Oct. 31—Citadel at Charleston.  
Nov. 7—University of Georgia in Athens.  
Nov. 14—Virginia Military Institute in Richmond.  
Nov. 28—Georgia Tech in Atlanta.

**NO COTTON LEGISLATION**

President C. E. Barrett is informed that Congress is not favorable to it.

Atlanta, Ga., Sept. 11.—Charles S. Barrett, president of the National Farmers Union, is in Washington today with the officers of the union, urging congress to take up three or four million bales of the cotton crop. They hope to enlist the aid of the president in their plan and to secure the necessary legislation from congress.

It would require one hundred and fifty million dollars to take up three million bales of cotton at ten cents a pound.

Many congressmen, among them several Southerners, told Mr. Barrett they could not support the plan on principle, because if the government subsidized the cotton crop it would be called upon to take the wheat, corn and cotton and other crops whenever they were confronted with losses.

**MARKET REPORT**

**New York Cotton**

New York, Sept. 11.—Only three hundred bales of the old straddle interest were liquidated through the operations of the special cotton exchange committee today but the talk suggested increased cheerfulness as to the general situation and market outlook.

The fact that offerings of spot cotton have not increased during the last several days of good picking weather has been partly responsible for the greater optimism, while the trade here has also been impressed by the various measures adopted to distribute the burden of holding and financing the crop. It was rumored that local traders were trying to buy December contracts privately at a considerable advance as compared with their bids earlier in the week.

**Weekly Cotton**

New York, Sept. 11.—Rather a morbidly optimistic tone has developed in cotton trade circles here during the past week. Little actual progress has been made in liquidating the old straddle interest, but enough has been done to indicate that the plans of the international conference may eventually accomplish the object and the hopes of closing out the old contracts at a reasonable level of prices have also been encouraged by a steadier tone in the Southern spot situation and a more favorable view of the European situation. No material improvement has been reported in the volume of trade demand. There has been some little business for export to neutral countries and Canada is taking some cotton, but the domestic mills are said to be still holding off in most cases or buying only for immediate needs in the expectation of lower prices as the picking season advances and the general demand is evidently far from normal. As indicated by the contingent light movement and the small amount of cotton gained prior to September 1, however, Southern offerings have been limited.

**Liverpool Cotton**

Liverpool, Sept. 11.—Cotton spot improved business. Sales 4,450 bales, including 4,300 American on the basis of 6000 for middling. Imports 925. No American.

Weekly cotton statistics:  
Total forwarded to mills 4,500 bales of which 2,200 were American; stock 567,000; American 577,000; American none; exports 4,060.

**Cotton Seed Oil**

New York, Sept. 11.—Cotton seed oil was firmer, closing 8 to 17 points net higher. The strength was due to the foreign as well as domestic demand for actual oil, together with firmer and better offerings of crude oil. Sellers' contracts were 1,400 barrels. Total sales 12,700 barrels. The market closed steady. Spot 600 a 610.

**Dun's Review**

New York, Sept. 11.—Hopes of better trade loom larger than do actual transactions, and except at a few western cities, the trend of things the country over is tempered by conservatism, with positive dullness prevailing in the South. Fall festivities at the numerous points have made for somewhat heavier buying, but any improvement thus reflected is only relative, and in industrial lines the pace of operations is slow.

As yet, American merchants are groping for foreign markets, and while progress may be made in that direction, the situation is still one of promise rather than performance. It is conceded that fundamental conditions are sound, crops being of excellent volume, and that ultimately crop money will make itself felt, but on the other hand, high rates for money checks enterprise while high prices, or as in the case of cotton, too low prices, hamper buying and tend to further cement buyers to the policy of waiting for developments before ordering liberally.

Business failures for the week were 274 compared with 258 last year; in Canada 54 compared with 27 last year. Wheat exports 7,948,000 bushels compared with 4,473,000 last year. 547,000.

**Dry Goods**

New York, Sept. 11.—Cotton goods market continued higher today with signs of strengthening, visible in the wide print cloth division. Cotton yarns were lower with business on the low basis. Wool in foreign markets was lower. Silk markets were easier.

**Money on Call**

New York, Sept. 11.—Mercantile paper 7.  
Sterling exchange—steady for cables \$499.50 a \$5.00; for demand \$492.50 a \$50.  
Bar silver 55 3-8.

**Chicago Grain**

Chicago, Sept. 11.—Wheat prices today failed to maintain a rally which started after the market had fallen to a level of 12 cents a bushel under the same high point of last Saturday. The loss was nervous at the same as last night with a close of 2-cs down. Corn finished a shade to 1-cs 07, oats with a gain of 1-4 a 5-8 to 3-4c and provisions varied 40 cents decline to an advance of 1-10.

**HOLD AND FINANCE YOUR COTTON THROUGH THE STANDARD WAREHOUSE COMPANY**

In 1870, at the beginning of the Franco-German War, cotton was selling in New York at twenty and one quarter (20 1/4) cents per pound. Within three (3) months after the beginning of the war cotton sold in New York at fifteen and one quarter (15 1/4) cents per pound. Within three months after the close of the war cotton sold in New York at twenty one (21) cents per pound.

Store your cotton with THE STANDARD WAREHOUSE CO. Take your receipt to your local banker, merchant or other creditor, who will help you to hold the cotton until conditions become normal.

THE STANDARD WAREHOUSE COMPANY has a capital and surplus of nearly a half a million dollars, and its receipts are regarded as the very best security at all the money centers, and will be so regarded by the REGIONAL RESERVE BANKS, when organized.

**DIVIDEND DEFERRED**

Southern Road Freightways Action on Account of War.

(By Associated Press.)

New York, Sept. 11.—Because of the disturbance in the cotton market due to the European war, directors of the Southern Railway Company today decided to postpone for one month action on the preferred dividend usually declared at this time.

In making this announcement it was said that though the full dividend on the preferred stock has been earned in the last fiscal year the board felt justified in making this postponement in view of the general situation.
